

Wild Beyond the Witchlight
Elkhorn volunteered to take the wife home. 4/20/23 1/3

Squak squakers came before we left for Eon
and gave a gilded acorn as a thank you and invitation
to return

Saw lightning striking in mountains of Eon
strike lightning rods.
Myster felt spark of inspiration and felt
pull to the north and a castle.

the sky darkened and a funnel/fornado
came down to us. It swept several of
us up in sky (including Gloop & Snallett + me!)
we landed outside a large henge on mt. 2!

we came to find dandelion person, large bee,
and "jingle jangle" elf. ~~the getting~~
jingle jangle told us the rest of her party
jingle jangle stayed behind to govern it.
The elf is Glean, who no longer casts a shadow.
Shadowless creatures are thought to be cursed and
folks don't do business with them.
Amidor's love interest is the honeybee is named
Pollinella. The love of his life.

Glean is here (odds) for her sister and her shadow
which was cut from her by Endolyn with scissors
She wishes to then return home by the way
beacons there is a lake with braziers
who are kept by an elf prince trapped
the by Endolyn not able to achieve her
Endolyn has a prophecy that her demise will
happen during an eclipse and thinks that
the twins would be a symbolic equivalent,
Hurly is also trapped here by Endolyn.

to revolt we will need allies. She recommends to
 seek out the Korreds in the mountains. They
 have been hidden since the heg threatened their
 existence. Amador checked if we were on same page.
 Stone stake (Uslay) opens mouth and says
 "by order of the King of unhappy endings, ~~that~~
 only those with the gift of prophecy may pass
 that woked us to play "boulder parchment scize"
 they played rock every time so that we could beat it.

Afterwards rain into goats Billy"

when the moon obstructs the sun, creeping Lynn will come
 and more. Gruff "Play to her position, stay on
 script. A cat, a horn, or a shadow ripped."

Grumble says "The Fool Scepter is the key"
 Come upon a small stone checkered game board.

Pawn got proficient with games and helped make
 winning move winner was queen of shale and
 other was covering and of shalk.

Queen Argant and Jago of chalk.

We hear the faint sound of pickaxe in background
 Queen gets mad and hurls the boulder and
 shouts "Death to the briggnocks"

She explains that the briggnocks help "Bitter End"
 and hide blueprints in their mines. She can't stand the
 sounds as they mine they hid statues at their mine.
 to scare them.

A gates duhr they were friendly with heard of a
 secret tunnel to motherhorn hidden by the
 briggnock's ~~maple~~ they had to step out
 for fear of the Endolyn's meddling.

Bitter end is using this ~~to~~ to remove ~~the~~ Korred
 hair to
 make iron ~~rod~~
