1/1

We gained a short rest after the fight when we started

When we returned the companions that had been waiting were not outside. Gleam came back to say that someone had attacked party

~~return~~ ran to  
Bundle of keys (Jingle Jangle's keys) unconscious up  
on a spire summoned owls

Abberwick was there and fought hard.

Prolonged fight Jingle Jangle died first turn.  
Owls helped.

Abberwick fled. Ripped apart amidst need

Ended there.
